Company Profile – soluzione Script GmbH

Training as a Service - soluzione supports the development of sustainable habits

soluzione Script GmbH is a leading provider of digital learning solutions designed to drive successful end-user adoption of modern workplace technologies. With more than two decades of experience in creating high-quality eLearning content, interactive learning tools, and targeted adoption campaigns, soluzione helps companies unlock the full potential of Microsoft 365 and build cyber security awareness and knowledge of artificial intelligence.

✓ **Founded in 2000 and headquartered in Munich**

✓ **Focus on computer-based learning (research collaboration with LMU Munich and the FZI at the University of Karlsruhe)**

✓ **More than 4,000 learning units with 1.8 million active learners**

✓ **Microsoft Training Services Partner (TSP)**

✓ **Clients of all sizes - both from the public sector and private industry**

✓ **Focus on the DACH region, but also worldwide projects: from micro-enterprises with 20 employees to large corporations with over 250,000 seats)**

✓ **Several awards and prizes, such as the European E-Learning Award, the Enterprise Workspace Award, and E-Learning Provider of the Year**

Our solutions focus on enabling users to gain confidence, build new skills, and embrace AI-powered productivity tools in their daily work. We combine didactic expertise with engaging formats that support learners at every stage of the rollout—from initial awareness to hands-on enablement and long-term skill reinforcement.
