

soluzione: Your Partner in AI Excellence

At what stage and in which situations can we help?

Whether you are just starting your AI journey or have already successfully established AI solutions, **soluzione** is the competent partner you want at your side, providing you with support every step of the way.

Overcoming initial uncertainties

Are you still unsure about how to strategically approach AI? **soluzione** can provide you with sound advice to help you to clearly define your AI goals and lay a solid foundation for your AI initiatives.

Knowledge building and communication

Has your AI strategy been set, and your first projects have already been successfully implemented? Now is the perfect time to build on your knowledge and improve communication with **soluzione**. To prepare your team for the new challenges, we offer customized learning modules and communication strategies.

Professional guidance during the pilot phase

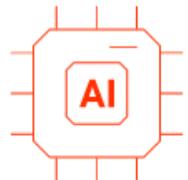

Have you already purchased Copilot or other AI licences and are looking for professional support for your projects? **soluzione** will guide you through every step - from selecting suitable pilot projects to successful implementation and scaling.

Rollout and continued support

Even if your AI solution has already been successfully implemented in your company, continuous support and optimization is crucial. **soluzione** helps you to continuously improve your AI systems and tailor them to fit your current needs.

Copilot Know-how

Is your organization really ready for Copilot? Our M365 Readiness courses enable you to take full advantage of Microsoft 365 Copilot to foster a culture of innovation and optimize work processes. **soluzione** supports you in taking your technological and organizational Copilot readiness to the next level.

Your in-house AI as a “single point of content”

Integrate our extensive learning library into your AI and tap into a central source of knowledge for your company, supplemented by direct support and self-learning opportunities from **soluzione**. Benefit from over 4,000 learning units on a wide range of topics that are not only expertly prepared and optimized for AI search, but also regularly updated. In addition, we offer you the possibility to create individual content and guarantee absolute legal security with regard to copyright and rights of use.

Start your AI journey with **soluzione** and discover how we can support your business with innovative AI solutions. Contact us for a personal consultation - take the first step towards a more prosperous future!
